

SNOWBASIN SKI EDUCATION FOUNDATION

MEMO

Subject: Christmas Camp
Date: December 20, 2004
By: Troy Price

Our management at Snowbasin continues to show their support to our program by approving our Christmas Camp schedule. As discussed in our Parent Prep meetings, we will be hosting an intensive Christmas Camp this season. In order for this camp to be a success we will need your full involvement. During this camp we will participate in early morning training on John Paul, fitness activities in Ogden, and conduct indoor training sessions on goal setting, time management, ski tuning, and more in our Team Center.

Please review the enclosed schedules. We are asking two families to prepare dinner, for the group, each evening. There will be 15 athletes and 5 coaches. Parents are invited to attend the evening sessions.

Camp Rules

In order to assure athlete safety and apply by the guidelines set by our management team, the following rules will be strictly enforced:

1. Athletes must be in assigned area with assigned coach at ALL times.
2. Must ski SLOWLY on skiers Left from Porky Chair down City Hill to John Paul.
3. If you are late, stay in the Team Center until 9:00. BE ON TIME!
4. Athletes must report at start each run. Coaches will plan warm-up, if needed.
5. Caution Flags will be used during early morning training.

Camp Fee

As a result of assembling such a great camp there will be some expenses. With your support on the meals and some transportation, the cost will be kept to a minimum. After looking over the activity fees and additional coaching, I have set the camp fee at \$80.00 per athlete.

This fee must be paid to SSEF on December 22nd.

I look forward to this opportunity. Again, with your involvement this camp will be a huge success for our athletes. This camp will be another stepping stone as our program continues to strive. Thanks to those of you that have already put in the time to make this event a possibility.

Best Regards,
TROY PRICE
